We Have the New Leases

I am pleased to report that the two new leases for the Main (Clubhouse) and South compounds have been signed. Subject to the continued support of volunteer Officers, elected Committee members and the wider membership, the club now has a further 20 years before it.

Our thanks to Alan Taylor, Chris Chapman and Rowland Derbyshire for their untiring efforts and patience in their lengthy negotiations with Blackpool Council. Not only did they secure incredibly favourable terms for the Club in surrendering the old leases, but significantly improved for the new.

Our thanks also to all 18 members who a little over 12 months ago, heeded the call for trustee volunteers. Though not all could be appointed, all were nevertheless prepared to step forward on behalf of the club and its current and future membership.

Thank you all

Mike Waddington
Secretary
